Crossing Borders with SilverTiger Logistics

UK ⇄ EU Customs Made Simple

We understand that navigating customs procedures can feel overwhelming—especially since Brexit. But here's the good news: you don't have to face it alone.

When you are travelling between the UK and the EU, **SilverTiger Logistics** is here to help your team cross borders with confidence. From **customs paperwork** to **transport**, our team is ready to support you every step of the way.

Understanding Carnets

ATA Carnets are an efficient way to temporarily move race cars and equipment between the UK and EU. These can be applied for and arranged through our team.

Key Info:

- **What is a Carnet?** A carnet acts as a passport for your vehicle and/or equipment, allowing for temporary admission without customs charges (duties and VAT).
- **Validity:** They are valid for 12 months from the date of issue. (Shorter periods of 6 months and 2 months can be arranged)
- **Cost:** Pricing depends on the declared value of your goods and the number of vouchers (trips) required. Example pricing would be:
    - *Declared Value of £50,000 -> Carnet cost £850*
    - *Declared Value of £100,000 -> Carnet cost £1250*
    - *Declared Value of £150,000 -> Carnet cost £1600*
      **£270 of the above cost is VAT applicable for carnet processing for each standard carnet*
      **£30 + VAT tracked courier charge for carnet delivery if required*
- **Vouchers:** These represent the number of times your car/equipment will move across borders. Each border crossing uses one voucher to record the movement with the customs officer at each border. For example, 1 return trip UK > FR & FR>UK would use 2 pairs (4 vouchers). Up to 3 return trips are included in the standard cost of Carnet -additional trips can be applied for.

Our team can advise you on the most efficient carnet structure based on your race calendar, destinations, and equipment—allowing you to focus on racing, not red tape.

We'll take care of the details—so you can concentration on performance.
